

Campus Bicycle Advisory Committee Minutes
Colorado State University, Thursday, December 14, 2017, 11:30 – 1:00 pm
Lory Student Center, Room 308-310

Carol, Heather, Aaron F, Aaron B, Hanna J, Joy, Kristie, Cody D, Dan B, Austin H, Kayla D (Admissions),
Jamie G, Elizabeth

INTRODUCTION

Name, Affiliation & Pop Question (Carol)

Started with the CSU bicycle video

2 feet of powder or scuba dive?

ENGINEERING

Construction Updates (David)

Aaron F filled in for David

West Elizabeth Underpass discussion about ridership and improvements

Tradeoff for underpass where people need to slow down (trading waiting at a light)

\$10 million for W. Elizabeth

\$6 million for Prospect

Animal Sciences are at 75 percent design, sharrows in parking lot to direct people, working on break rooms

HEOC is at 100 percent design, anatomy function for the addition, bicycle facilities will be provided near the building which will complete the loop

Richardson Design Center is at 50 percent design, no sidewalks around project, may ask for letter of support for new sidewalk facilities

Natural Resources addition did not cover the streetscape

VTH is under construction and review for bicycle routes

Currently discussing improvements for the Foothills Campus

ENFORCEMENT / EDUCATION

CBAC Enforcement Letter Update (Carol)

We wrote a letter, sent it and we have not heard anything

Rick Meranda mentioned there is a need for bicycle enforcement

Opportunity to talk with Officer Asheleigh Rose to help with conversations in the office

Lt. Falbo mentioned they have trained five officers bringing it to a full budget. One officer is leaving.

Carol and Heather keep reaching out

Sub-Group Enforcement/Encouragement Update (Heather)

No meeting between now and Christmas. There will be a meeting tentatively on the week of January 22nd.

Steven Burn (Central Receiving Director) will be putting \$1000 toward the sub-group to re-enforce positive behavior

Going to bring up Ram Guards again with CSU PD for traffic guards

ENCOURAGEMENT

Winter Bike to Work Day Recap (Aaron B)

Most popular station at 506 attendees, and most popular station for WTBWD so far

FC Bikes Update (Jamie)

2 mile protected bike lanes on Mulberry under design from Jackson to Overland

Saturday Winter Bike by Lights 4.5 mile route planned from Intersect Brewing with holiday treats

January 11th Cycling in Winter and Light Up the Night event

Ordering new lights which will use AAA batteries

Wrapping up the year and will have data soon

Big Jump looking for ideas on how to engage with CSU students and employees about things they would like to have to promote riding

Joy proposed another Open Streets event to promote the area

Carol asked about specific issues that may stop people from riding due to infrastructure issues. Jamie suggested using Access Fort Collins

Heather described Fuji University which is a way for CSU to purchase bicycles at wholesale

Any university employee can get 30 percent off any Fuji, Kestrel, or Breezer bicycle. The program is available now

Covers all bicycles regardless of price which could be used for a wide array of people

Welcome to have other bicycle shops participate

Fodge talked with Mary Ontiveros about a website for businesses to post their deals

The group discussed various ways to disseminate the discount information

EVALUATION & PLANNING

ATFAB (Hannah)

Hanna described ATFAB and last year's effort and the unsuccessful attempt at getting funding

The project proposal submission form is now available. Went on to describe the form

Facilities is estimating a number of projects from the 2014 Bicycle Master Plan

Looking into a wider path to the north of Administration

Looking into a wider path for Montfort Quad

Looking into a contraflow lane for Amy Van Dyken Way

Proposal to create forked path for East Elizabeth intersection at College Ave

Proposal to create separated facility at University Ave

Proposal for roundabout at Meridian and Plum

Proposals are due to Hanna and Fodge by January 20th

Game Day Management (Aaron F / Joy / Heather)

Bicycle Usage (Aaron F)

Athletics would like feedback about the games by the 19th

Bicycle counts were reported for racks not associated with the residence halls 2,400 bikes at first game, 2,700 at second game, also have counters on campus

Had to remove every bicycle rack from the stadium proper
80 to 90 percent of attendees enter the north side of the stadium
Fodge recommends having an intercept on the north side of the stadium for bicycles
Bicycle and transit figures were far better than estimated
Visit Fort Collins staffed the events with volunteers
Opportunity to make the Bike-In Stadium

Pedicabs (Aaron F)

Tried to exclude from the event
Seniors seemed to use the pedicabs in large numbers
Success for what they are doing
Practical and not a risk for the first games

Impound (Joy)

4:00 pm impound for first two games
Time was changed to 5:00 pm
Facilities did not have to impound for the last two games
Impounds day of have a two person team to clear bikes
Coordinated with valet to have a 'bike jail'

Bike Valet (Heather)

North of Chemistry
152 bikes at second game
42 bikes for night game with high winds
People who understood the process enjoyed it
Checked in other items not allowed in the stadium
Newson Hall could be the place for a second valet
Otter Box was a sponsor and will be sponsoring this year
The number of trailers was very high with very young bicyclists

Lockers (Heather)

Lockers were a clearing house for people without clear bags
People were picking items up on time

Bicycle Intercept from North (Aaron F)

Experiential Feedback from Committee (All)

Fodge would like to have a rolling tailgate
Heather suggested additional bicycle programming for the games (lights for night game and bicycle tailgate area)
Dan proposed bicycle feeder streets for the game

Data Review (Aaron B)

Postponed

Holiday Happy Hour (Carol)

5:00 pm Ramskeller
